

# Unit Registration

The attached registration card(s) are provided to assist a future purchaser to notify Altec of the change of ownership. This notification is part of the ANSI standard under Responsibilities of Owners - Transfer of Ownership.

The ANSI Standard states "When a change in ownership of a digger derrick or aerial device occurs, it shall be the responsibility of the seller to provide the manufacturer's manual(s) for the digger derrick or aerial device to the purchaser. It is the responsibility of the purchaser to notify the manufacturer of the unit model and serial number and the name and address of the new owner within 60 days."

Please complete the information on the appropriate card, attach a stamp, and mail to Altec. This allows Altec to update the customer mailing list so that necessary manufacturer/user communications can be sent to the new owner.
